John Oceguera – Milking the Taxpayer **Double Pay with Retirement at Age 48!**

Nevada leads the nation in unemployment. But Assemblyman John Oceguera has not one, but TWO taxpayer-funded jobs.

Last year “Johnny O” worked full time in Carson City from February 2 until June 2.

But at the same time he was pulling down over \$150,000 as a firefighter in North Las Vegas – even though he was working 440 miles away for four full months.

In addition, in two years Assemblyman Oceguera will be eligible to retire at the tender young age of 48 – with over \$135,000 in taxpayer-funded pay and benefits.

Nice work if you can find it. Where do the rest of us sign up?
