

DEAR JOHN...

January 2, 2015

Assemblyman John Hambrick
1930 Village Center Circle, Suite 3-419
Las Vegas, NV 89134-6245

Dear John,

Our relationship is over!

Since being elected Speaker-designee by the conservative members of the Republican Assembly Caucus...

- *You removed conservative Assemblywoman Michele Fiore as Chairman of the Taxation Committee.*
- *After receiving calls from outraged conservatives over that decision, you reversed yourself the very next day and put Assemblywoman Fiore back in charge of the Taxation Committee.*
- *One week later, you reversed yourself yet AGAIN and removed Assemblywoman Fiore as Chairman of the Taxation Committee.*
- *Despite claiming you were removing Assemblywoman Fiore as Chairman of the Taxation Committee because of a problem she's having with the IRS, you also removed two other conservatives from the Taxation Committee and replaced them with Republicans more likely to vote for higher taxes.*
- *On the same day, without consultation or notice to your Assembly colleagues, and without authorization, you announced you were also unilaterally removing Assemblywoman Fiore from her*

ELECTED position as Assembly Majority Leader and replaced her with liberal Assemblyman Paul Anderson.

- *On the same day, you also unilaterally removed conservative Assemblyman John Ellison as Speaker Pro Tem and replaced him with liberal Republican Assemblyman Lynn Stewart.*
- *Just hours later, after fielding calls and emails of opposition to that decision, you AGAIN reversed course and put Assemblyman Ellison back in his position.*
- *In a radio interview just a few days later, you revealed that you caved into a blackmail threat by an unnamed political consultant who demanded that you remove Fiore or he would sue every member of your caucus.*
- *You have not revealed the name of the consultant who allegedly blackmailed you, nor did you call law enforcement authorities to report the blackmail.*
- *In the same radio interview, as well as a TV interview the day after you were chosen by the Republican Assembly Caucus as Speaker-designee, you announced that you intend to break your signed Taxpayer Protection Pledge in order to vote for Gov. Brian Sandoval's coming tax hike.*

By your own words and deeds since being handed a little taste of power, you have shown yourself to be indecisive, untrustworthy and undependable.

You clearly lack the leadership qualities and independence necessary to properly fulfill the duties and responsibilities of Speaker of the Nevada State Assembly for the 2015 Legislature.

As such, we the undersigned hereby call on you to step down as Speaker-designee and allow the members of the Republican Assembly Caucus to choose someone else for this important position.

While we recognize such a move will prove embarrassing to the caucus in the short term, it is more important to go into the session with a leader of solid character and confidence. Better to make the change now rather than suffer another meltdown and sellout when the pressure of the end of the session hits you.

Should you choose not to do the right thing and step down as Speaker-designee, prepare to face a recall campaign in your Assembly district at the earliest possible opportunity.

Sincerely,

Chuck Muth
